COMPLETED CIP PROJECTS

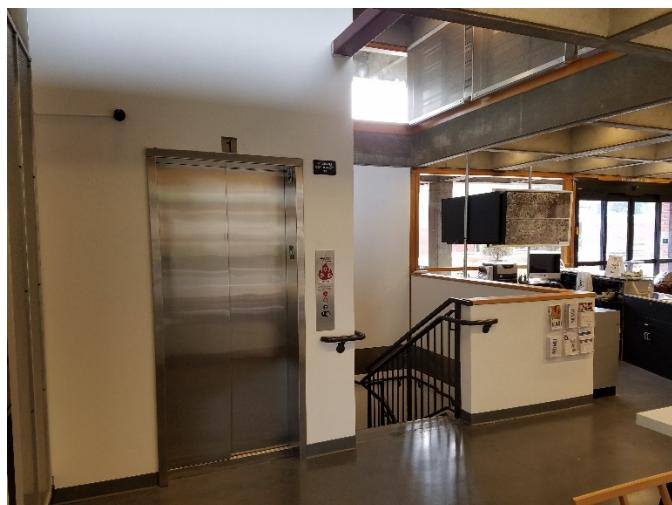

FY 2016/17

A Old Library Re-Use Project

Old Library Re-Use Project

This project renovated the old Library building by installing a new public elevator, upgrading restrooms to meet public access infrastructure improvements compliance, and making other tenant improvements.

The total project cost was approximately \$1,100,000

B HVAC Upgrades – Old Library

HVAC Upgrades – Old Library

This project renovated the old Library building by replacing the Heating, Ventilation and Air Conditioning system (HVAC).

The total project cost was approximately \$643,000.

C Former Library Building Roof Improvements

Former Library Building Roof Improvements

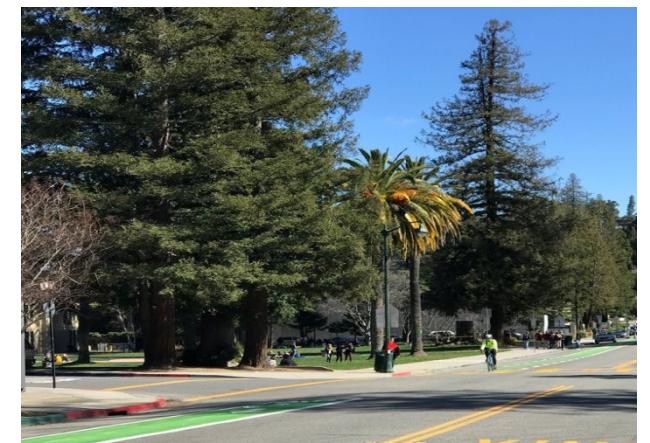

This project replaced the roofing over the former library at the Civic Center.

The total project cost was approximately \$67,000.

COMPLETED CIP PROJECTS

FY 2016/17

 A photograph showing a paved driveway leading to a brick building with a garage door. There are trees and a fence in the background.	<p>Blossom Hill Park Restroom Rehabilitation</p> <p>The restroom rehabilitation project at Blossom Hill Park addressed the deteriorating state of the exterior support columns, replaced the failed program storage entrance, and repainted as necessary.</p> <p>The total project cost was approximately \$40,000.</p>
--	--

 A photograph of a street with green bike lanes. A person is riding a bicycle on the green lane. There are trees and a building in the background.	<p>Green Bike Lanes</p> <p>This project added green bike lanes near Los Gatos High School as recommended by the Youth Commission.</p> <p>The total project cost was approximately \$46,000.</p>
--	--

 A photograph of a street intersection. The intersection is controlled by traffic lights. There are sidewalks and grassy areas on the sides of the street.	<p>Winchester Boulevard/Lark Avenue Intersection Improvements</p> <p>This project added a northbound receiving lane on Winchester Boulevard from Lark Avenue to Wimbledon Drive. In addition, the project reconfigured traffic lanes on westbound Lark Avenue to provide a double right turn onto Winchester Boulevard, and modified the traffic signal system at the intersection of Winchester Boulevard and Lark Avenue.</p> <p>The total project cost was approximately \$550,000.</p>

COMPLETED CIP PROJECTS

FY 2016/17

	<p>Traffic Around Schools</p> <p>This project conducted a study that evaluated and made recommendations specific to reducing vehicular traffic around schools. The study has provided actionable items to guide future investments by the schools and the Town. The total project cost was approximately \$86,000.</p>
---	---

	<p>Hillside Road Repair & Resurfacing</p> <p>This project provided asphalt surface treatments to Shannon Road from Los Gatos Boulevard to Hicks Road. The project was largely grant funded through a One Bay Area Grant (OBAG). The project was completed in the previous fiscal year with project close out completed in 2017. The total project cost was approximately \$250,000.</p>
