GLOSSARY

Accounting System - The set of records and procedures that are used to record, classify, and report information on the financial status and operations of the Town.

Accrual Basis Accounting - Under this accounting method, transactions are recognized when they occur, regardless of the timing of related cash receipts and disbursements.

Ad Valorem - Latin for "in proportion to the value". This refers to property taxes levied on value and includes the General Obligation (G.O.) Bond rates added to the 1% rate allowed by Prop. 13. These rates are applied to the secured, unsecured, supplemental, and other miscellaneous tax rolls.

Adoption - Formal action by the Town Council, which sets the spending limits for the fiscal year. The town's budget is adopted by Council resolution.

Agency Fund - A fund used to account for assets held by the Town in the capacity of an agent for individuals, organizations, or other governmental entities.

Annual Budget - A budget applicable to a single fiscal year.

Appropriation - An authorization made by the Town Council, which permits officials to incur obligations against and to make expenditures of government resources. Appropriations are typically granted for a one-year period.

Assessed Valuation - A value established for real property for use as a basis in levying property taxes. For all agencies in the State of California, the County for the secured and unsecured property tax rolls establishes assessed value; the utility property tax roll is valued by the State Board of Equalization. Under Article XIII of the State Constitution (Proposition 13 adopted by the voters on June 6, 1978), properties are assessed at 100% of full value. Proposition 13 also modified the value of real taxable property for fiscal 1979 by rolling back values to fiscal 1976 levels. From this base of assessment, subsequent annual increases in valuation are limited to a maximum of 2%. However, increases to full value are allowed for property improvements or upon change of ownership. Personal property is excluded from these limitations, and is subject to annual reappraisal.

Assessment Fund - A fund used to account for special levies made against certain properties to defray part or all of the costs of a specific improvement or service deemed to primarily benefit those parties.

Audit - Prepared by an independent Certified Public Accountant (CPA), the primary objective of an audit is to determine if the Town's Financial Statements present fairly the Town's financial position and results of operations in conformity with generally accepted accounting principles. In conjunction with their performance of an audit, it is customary for an independent auditor to issue a Management Letter

Budget - As the Town's financial operating plan for the fiscal year, the budget displays the estimated expenditures (costs) for providing services and the estimated sources of revenue (income) to pay for them. Once the Town Council adopts the budget, the total becomes the maximum spending limit. Los Gatos' budget encompasses fiscal year (July 1, through June 30).

Cash Basis Accounting - A basis of accounting under which transactions are recognized only when cash is received or disbursed.

Certificate of Participation (COP) - A type of financing in which investors purchase a share of the lease revenues of a program rather than the bond being secured by those revenues. Such funds are operated to carry out the specific actions of trust agreements, ordinances and other governing regulations. There are two categories of fiduciary funds: Trust and Agency.

Each fund type typically has a unique funding source and purpose. Establishing funds enables the town to account for the use of restricted revenue sources and carry on specific activities or pursue specific objectives.
