This Total Budgeted Fund Activity Summary schedule groups the Town's funds into three categories based on fund purpose:

***Operating Funds*** - Ongoing operations are funded out of the various Operating Funds. This includes the Town's General Fund Departmental program operations, as well as special revenue activities and internal service functions.

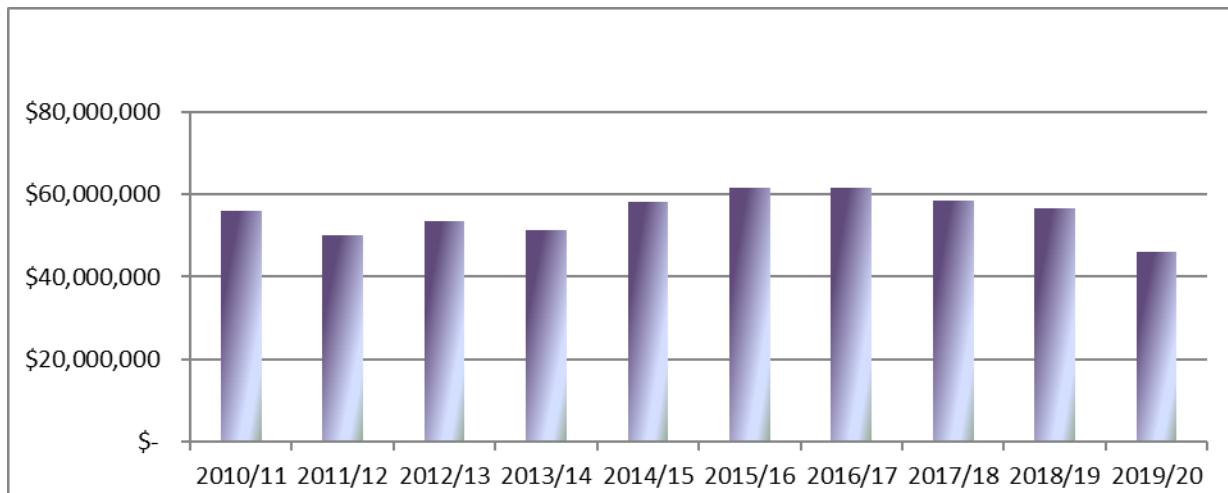

***Fiduciary Funds*** - These funds include Trust funds and are held in a fiduciary capacity, with little variation in activity. The Library Trusts are held for special uses for the Library. RDA Successor Agency Private Purpose Trust Fund is established to account for the assets and liabilities transferred from the dissolution of the Town's former Redevelopment Agency (RDA) and the continuing operations related to the existing RDA obligations. The Successor Agency's Private Purpose Trust Fund has been incorporated into the Town's operating budget. Only those funds with activity are contained in the summary.

***Capital Funds*** - Representing the capital improvement program activity, the Capital Funds reflect the significant progress to complete capital projects and the resulting decrease in fund balances.

## **TOTAL TOWN**

### **REVENUE, EXPENDITURE, AND FUND BALANCE TREND INFORMATION**

The Town continues to focus on priority issues that involve maintaining public safety and Town infrastructure including streets and parks; and providing library, community development, and other services. These priorities are coordinated with other Core Goals that protect the Town's fiscal health and ensure cost efficient and effective delivery of Town-wide administrative services. The Town's proactive and prudent fiscal approach is effective to reducing operating expenditures, identifying revenue enhancements, and implementing operating efficiencies.

The FY 2019/20 operating budget is a balanced budget, with some use of General Fund reserves dedicated for one-time uses. The FY 2019/20 Budget anticipates a surplus of \$140,000 and maintains existing service levels while recommending modest additions in strategically important areas. This budget incorporates investments toward future equipment replacement, additional annual discretionary pension payments, and increased capacity for the Town's technology infrastructure. The FY 2019/20 budget has been balanced largely due to increased revenue, resulting from the positive economy and the Town's continued growth in the economically sensitive revenue sources such as Property Tax, Transient Occupancy Tax, and Business Licenses. With regard to expenditures, the Town's employer-paid benefits are expected to increase for the foreseeable future, including obligated pension contributions, the pre-funding of premiums for retiree health coverage, and the increasing costs of current health plans. Specific trends affecting the fund balance forecast include:

**Salaries and Benefits** – As in most municipalities, services are provided directly by employees to the Town's residents, businesses, and visitors. As a service delivery enterprise, the cost of salaries and benefits are a significant portion of the budget. Salaries and benefits account for 40.6% of the Town's total expenditures in FY 2019/20 (and 59.7% of General Fund expenditures). The Town endeavors to balance fiscal prudence with the need to attract and retain the requisite personnel to manage a 21<sup>st</sup> century municipality. As an example, when fiscal conditions worsened during the recession of 2008, employees participated in wage freezes and unpaid furloughs for several years to assist in achieving balanced budgets. After multiple years of such concessions, the Town discontinued the furlough program in FY 2014/15 and reinstated general wage increases for both non-sworn and sworn employees. Even with unemployment at historic low levels and regional CPI above 3%, the Town and its employee bargaining groups agreed to a 2.5% across the board salary increase for all three bargaining units, management, and confidential plus a 1.5% cash bonus (non-PERSable) for non-sworn employees for FY 2018/19. As part of those negotiations, a salary increase of 3% is reflected in the proposed budget for the non-sworn employees and a 4% across the board salary increase for the Police Officers' Association as outlined in the current Memoranda of Understanding for FY 2019/20. In addition, all personnel that were previously funded in Internal Service Fund Programs were budgeted in the General Fund beginning in FY 2018/19. This results in total General Fund expenditures for salaries and benefits increasing while decreasing the Internal Service Fund charges by the same amount.

The Town of Los Gatos provides a defined benefit pension plan for all full-time employees and some part-time benefitted employees as part of their total compensation package. Defined benefit plans provide a fixed, pre-established benefit payment for employees in retirement based on a formula which takes into account an employee's years of service and highest average annual salary. The defined benefit pension has been a standard part of compensation in governmental organizations and in Los Gatos is in lieu of participating in Social Security. The Town's pension plans are administered by the Board of Administration of the California Public Employees' Retirement System (CalPERS). The Board of Administration is responsible for the management and control of CalPERS, including the exclusive control of the administration and investment of funds. Sworn employees are covered under the Safety Plan which is a pooled plan, while all other employees are covered in the Miscellaneous Plan, which is a separate plan. The Miscellaneous Plan is administered by CalPERS in the Public Employees' Retirement Fund (PERF). In addition, the Town Council has established an Internal Revenue Code Section 115 Pension Trust as a supplement to the PERF fund. The Town's Pension Trust is administered by the Town Pension and OPEB Trusts Oversight Committee.

The Town also provides a healthcare benefit for all eligible employees. The healthcare plan pays all, or a portion of, health insurance premiums for qualified retirees and their survivors and dependents. Healthcare benefits are also referred to as Other Post-Employment Benefits or OPEB. The Town's healthcare plan is an Internal Revenue Code Section 115 Trust which is administered by the Town Pension and OPEB Trusts Oversight Committee. The Oversight Committee is responsible for the management and control of the healthcare assets. As a result of collaboration with

**TOTAL TOWN**  
**REVENUE, EXPENDITURE, AND FUND BALANCE TREND INFORMATION**

the Town's Bargaining Units during FY 2018/19, all units agreed to the elimination of retiree health benefits prospectively with the exception of the minimum employer contribution as required by the Public Employees' Medical and Hospital Care Act (PEMHCA). The PEMHCA minimum represents a significant reduction from the previous Town paid discretionary retiree payments. As a closed retiree medical plan, over time the Town will see significant cost savings from this negotiated change. In addition, employees contribute a share of dependent premiums to assist with cost-containment.

Pension contributions are a portion of the Town's budget, as the Town is obligated to contribute a mandatory amount established by the California Public Employees Retirement System (CalPERS) as a percent of salary. Town employees contribute a percentage of their salary towards their pension in what's referred to as the normal cost. The normal cost is the annual cost of service accrual for active employees and can be viewed as the cost of benefits earned by employees in the current year. The second source of normal cost funding is provided by employer normal cost contributions. The employer normal cost rates for all cities/towns in CalPERS are established annually by CalPERS. These rates are the minimum contractual obligations the Town must pay. It should be noted, that the normal cost calculation assumes all actuarial assumptions will be met going forward. In the event the plans experience unfavorable economic or demographic assumptions, an unfunded actuarial liability (UAL) may occur. The cost associated with an unfunded liability is borne solely by the employer. The development of a UAL typically results from unfavorable investment returns, changes in actuarial assumptions, unfavorable demographic shifts, and other experiences that differ from those anticipated by the annual actuarial assumptions. As of the 2017 Actuarial Valuations the Town had a combined UAL for both Pension and OPEB of \$63.6 million.

The Town's pension plans over the past several decades, like all other CalPERS participants, have experienced unfavorable investment returns, changes in actuarial assumptions, and unfavorable demographic shifts which have outweighed any positive plan experiences. As such, the Town's employer pension contributions are expected to continue to increase. The Town's employer contribution rate will increase from 46.09% in FY 2018/19 to 52.22% in FY 2019/20 for classic sworn employees. For all other employees, the rate will increase from 30.87% in FY 2018/19 to 33.18% in FY 2019/20. The Public Employees' Pension Reform Act (PEPRA), effective January 1, 2013, implemented lower pension tiers for employees who are new to the PERS pension system. While this does not provide immediate cost savings, it is anticipated to reduce future benefit expenditures in the next 10 to 15 years. Employer contribution rates will increase from 13.96% in FY 2018/19 to 15.02% in FY 2019/20 for PEPRA sworn employees. The Town prudently recognized the potential impacts to future service delivery if unfunded pension and OPEB obligations were not addressed and additional funding strategies not identified. To date, the Town has taken proactive steps totaling \$30.5 million of additional discretionary spending strategies to address the current pension and OPEB unfunded obligations.

For more information about the pension and other benefits offered to Town employees, see:  
<https://www.losgatosca.gov/44/Human-Resources>. For more information about the Towns Pension and OPEB plans please see:<https://www.losgatosca.gov/2479/Town-Pension-and-OPEB-Plans-Information>

**Other Cost Drivers** – A significant cost driver for the Town is energy costs, including fuel for safety and maintenance vehicles, water for parks and landscaping, natural gas and electricity to heat and cool buildings, and lighting for street lights, parking lots, and Town facilities. The Town has taken steps to ensure water conservation and recently made energy retrofits to improve efficiency in Town facilities and reduce costs. Fuel costs can be reduced by utilizing electric and/or hybrid vehicles, and installing electric vehicle charging stations throughout the Town. Staff will continue to explore energy alternatives to reduce costs.

**Revenue Recovery** – On a positive note, all signs indicate that the economy remains strong as the Town is anticipating increases in many economically sensitive revenues such as Property Tax, Transient Occupancy Tax (TOT), and Franchise Fees for FY 2019/20. General Fund revenues for FY 2019/20 (excluding debt payments and fund transfers in) are 7.0% greater than budgeted prior year revenues. This increase is largely due to forecasted increases in Property Tax, TOT, and Sales Tax. In November 2018, the voters approved a one-eighth general purpose sales tax dedicated to the Town of Los Gatos. Revenue collection began in April 2019 and is reflected in the revenue estimates.

Total Budgeted Revenues (exclusive of Transfers In) have increased from the prior year, as the Town is expected to experience revenue growth in some of the key economically sensitive revenue categories of Property Tax, Transient Occupancy Tax, and VLF Backfill.

Key revenue highlights include:

**Property Tax** – Property Tax revenues have increased by 13.4% compared to the prior year budgeted amount as home sales continue to rise with the strong economy.

**Sales and Use Tax** – While the Town only receives 1.125 cents of the 9.125 cents of sales tax paid per dollar of taxable sales generated in Town, Sales and Use Tax remains one of the General Fund's largest revenue sources. The FY 2019/20 budget reflects \$8 million in sales tax revenue, or a 3% increase compared to the prior year budgeted amount. The change is the combined effect of the additional 1/8 cent sales tax, and the negative impact is associated with Netflix streaming and increased on-line retail sales versus local brick and mortar shopping.

**Licenses and Permits** – FY 2019/20 Licenses and Permits reflect a 1.1% increase reflecting anticipated permitting activity.

**Intergovernmental Revenues** – Increases in intergovernmental revenues are due to changes in available grant funding.

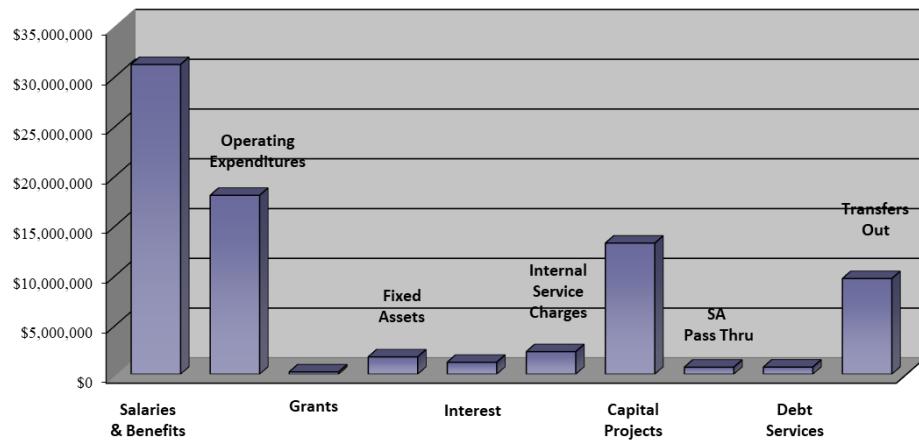

**Transient Occupancy Tax** – Transient Occupancy Tax (TOT) is expected to increase by 25.4% from FY 2018/19 budgeted amount of \$2.3 million due to the continued strong travel and tourism industry, and the anticipated additional TOT collection from short term vacation rental units.

**Other Sources** – This revenue reflects lease reimbursement revenue received from the Successor Agency to the Los Gatos Redevelopment Agency for 2002 and 2010 Certificates of Participation (COPs) debt service payments for the bond issues.

Total Budgeted Expenditures (exclusive of Transfers Out) include budgeted Capital Improvements, which can vary significantly from year to year. Net of Capital Projects, total expenditures reflect a 6.5% increase for FY 2019/20 compared to the prior year adopted budget. Expenditures of note include:

**Salaries and Benefits** – The FY 2019/20 budget reflects an increase in salaries related to negotiated across the board increases and benefits attributed to increased CalPERS and medical benefits rates. Staffing modifications include eliminating certain vacant positions and reclassifying them to better align with service delivery within the existing budget, including the 0.35 FTE Administrative Technician position and temporary Analyst hours in the Finance Program. The 1.0 FTE IT Analyst added to the budget last year and the 1.0 FTE Network Administrator that is currently budgeted have had the titles changed to the IT Systems Administrator classification and one FTE has moved from Information Technology to the Police Department to accurately reflect existing IT services allocated to the Police Department. The 1.0 FTE Accountant/Finance Analyst position is a permanent addition to the budget. Staff also proposes one-time temporary hours within the Town Manager's Office, Police Department, and Community Development Department.

**Fixed Assets** – Budgeted fixed asset costs stem primarily from scheduled vehicle and equipment replacements. The variance in expenditures from year to year does not impact current year charges to the Departments, only the actual cash out to replace the asset.

**Internal Service Charges** – These expenditures represent the service program costs charged back to the operational programs for Liability Insurance, Information Technology, Vehicle Replacement, and Building Maintenance services. The FY 2019/20 budget reflects a decrease in the Internal Service Charges since two of the Internal Service Funds will be closed during FY 2018/19.

***Debt Service*** – Debt service charges reflect the Redevelopment Agency's two outstanding Certificates of Participation (2002 and 2010) through a leasing expenditure and reimbursement revenue which nets to zero for the Town, while Successor Agency (SA) to the Los Gatos Redevelopment Agency funds provide the actual debt payment for the bond issues. The SA reimburses the General Fund for the debt service payment. The 1992 COP for Parking Lot #4 was paid in full in early FY 2012/13.

FY 2019/20 General Fund revenues and fund transfers are estimated to increase by 6.9% from the FY 2018/19 adopted budget. The Town's operations are funded through a variety of revenue sources as depicted above. Revenues were estimated by trend analysis and historical data as explained below:

**Sales Tax** – While the Town only receives 1.125 cents of the 9.125 cents of sales tax paid per dollar of taxable sales generated in Town, Sales and Use Tax remains one of the General Fund's largest revenue sources. The FY 2019/20 budget reflects \$8 million in sales tax revenue, or a 3% increase compared to the prior year budgeted amount. The change is the combined effect of the additional 1/8 cent sales tax, and the negative impact of Netflix streaming and reduced local brick and mortar sales compared with on-line retail sales.

**Property Tax** – Property Tax receipts in Los Gatos are expected to increase from the budgeted FY 2018/19 amount by 13.4% totaling \$14.2 million, as homes sales continue to rise with the positive economy. Property Tax budget projections are based on valuations projected by the Santa Clara County Assessor's Office, given increased home sales, coupled with anticipated adjustments in property tax distribution due to the dissolution of California redevelopment agencies. The Town receives 9.3 cents of each property tax dollar paid by property owners. The remaining 90.7 cents of each dollar is distributed to several other taxing jurisdictions, including local schools,

community college districts, the County of Santa Clara, Santa Clara County Central Fire Protection District, and other special districts that serve the community.

**Town Services** – Charges for Town Services decreased by 3% reflecting development projects that are in progress.

**Licenses & Permits** – Licenses and Permits remained flat based on current and anticipated building activities.

**Intergovernmental Revenues** – Intergovernmental revenues reflect a 42% increase since more grant revenue is anticipated to be received than the prior fiscal year.

**Franchise Fees** – Compared to the prior fiscal year, Franchise Fees, including cable television, electric utility and solid waste, have increased by 3%. The increase is based on an analysis of current year collection trends.

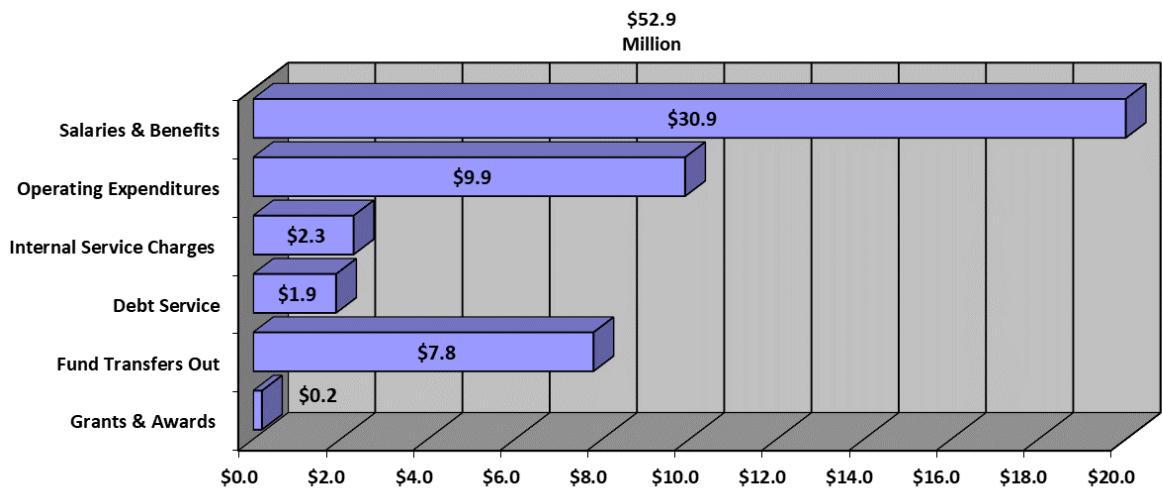

**Transient Occupancy Tax** – Transient Occupancy Tax (TOT) is expected to increase by 25.4% from the FY 2018/19 budgeted amount of \$2.3 million due to the continued strong travel and tourism industry, and the anticipated additional TOT collection from short term vacation rental units.

**Fines and Forfeitures** – Fines and Forfeitures include library and traffic fines and administrative citations which are expected to decrease by 23%.

**Transfers In** – Transfers in have remained the same as in the prior year budget.

**Other Sources** – Other sources reflects a 6% decrease compared to the prior fiscal year because of a reduction in Town “pass Through” programs.

The FY 2019/20 General Fund Operating Budget of \$45,128,690 (net of transfers out and the General Fund Update expenses) represents a 0.9% increase compared to the net FY 2018/19 adopted operating expenditures budget of \$44,731,771

**Salaries & Benefits** – The delivery of Town services is highly dependent on labor which comprises 59.7% of budgeted General Fund expenditures for FY 2019/20. The FY 2019/20 budget reflects an increase in salaries consistent with approved labor contracts, and benefits costs attributed to increased CalPERS and medical benefits rates.

**Operating Expenditures** – The operating expenditures include \$1.0 million for the General Plan Update. The FY 2019/20 operating expenditures increased when compared to the FY 2018/19 adopted budget. Town-wide efforts continue to emphasize the importance of containing operating costs while maintaining core services; however, factors such as escalating energy costs and general cost increases have offset many departmental reductions.

**Grants & Awards** – The Town provides General Fund grants and awards to local nonprofit organizations for a variety of human, art, special events and educational services. FY 2019/20 grants and awards reflect 0.2% decrease in grant funding from the prior year.

**Internal Service Charges** – These expenditures represent the service program costs charged back to the operational programs for Liability Insurance, Information Technology, Vehicle Replacement, and Building Maintenance services. The FY 2019/20 budget reflects a decrease in the Internal Service Charges since two of the Internal Service Funds will be closed during FY 2018/19.

\* Town Council may reallocate the funds available from the proceeds of surplus property and the residual balance of closing the Vehicle Maintenance and Stores Internal Service Funds (\$2.9M) to other Reserves during the budget hearing on May 21, 2019. Otherwise these proceeds will be placed in the Capital/Special Projects Reserve, consistent with the Town's adopted General Fund Reserve Policy for future Council consideration. The balances are estimates and will be finalized upon closing FY 2018/19.

**General Fund Undesignated Reserves reflect ongoing revenue, carryforward, transfer, expenditures, the net effect of the change in Designated Reserves, and the use of Undesignated Reserves.**

- **FY 2019/20 Budgeted revenue and expenditure appropriations, and transfers to and from the General Fund.**
- **Authorized carryforwards reflect operating appropriations that were brought forward as a funding source. The actual carryforward amount will be determined at FY 2018/19 year-end, with funding offset by undesignated reserves.**
- **General Fund Reserve Policy requires a minimum of 25% of General Fund operating expenditures equally divided between the Budget Stabilization Reserve and Catastrophic Reserve.**
- **In FY 2015/16, Council established a General Fund Pension/Other Post Employment Benefits (OPEB) Reserve Account. At the same time, the Council revised the General Fund Reserve Policy to provide for a maximum of \$300,000 in General Fund Year End Savings upon year-end close to be deposited in the Pension/OPEB Reserve Account and used as authorized by Town Council.**
- **Undesignated Fund Balance is a year-end fund balance not yet identified by the Town Council for a specific purpose. The Town General Fund Reserve Policy requires full funding of the Catastrophic and Budget Stabilization Reserves, distribution to the Pension/OPEB Reserve, and any remaining balance to the Capital/Special Project Reserve.**

## IN-KIND DONATIONS FY 2019 SUMMARY

The information below provides an estimated value of in-kind support the Town provides annually to local non-profit organizations, in addition to contribution of funds as described elsewhere in this budget, such as community grants. The in-kind support consists of Town facilities leased to these organizations at rates substantially below present market rates.

**Los Gatos Museum Association** - The Town and Los Gatos Museum Association (LGMA), renamed NUMU, have entered into an agreement in which NUMU leases 11,604 square feet in the Town Hall. NUMU has occupied the new space since the beginning FY 2015/16.

**Los Gatos-Saratoga Recreation** - Beginning January 2010, Los Gatos Saratoga (LGS) Recreation entered into a 20-year lease with the Town for the former Neighborhood Center, renamed the Adult Recreation Center. In exchange for providing and expanding senior services, the facility is leased at a below market rate. LGS Recreation also leases the Town-owned facility located at 123 E. Main Street, on a month to month basis.

\* "Market rate" is defined as a lease term and not subject to change.

\*\* Market rate is based on the State of California Department of Industrial Relations, Division of Labor Statistics and Research's Consumer Price Index, All Urban Consumers, All Items, San Francisco-Oakland - San Jose, California as identified in the lease term.

In addition to providing subsidized leases, the Town provides in-kind staffing support for the Holiday Tree Lighting and the Children's Holiday Parade. Costs to provide maintenance and public safety services for the Holiday Tree Lighting are estimated to be \$5,300; the Children's Holiday Parade costs are estimated to be \$39,900. These estimates only include expenses that occur at the event and do not include time dedicated to event planning and logistics. The estimated total of all in-kind expenses is \$840,154.

## Fee-Related Projects Lists

Under California law, cities and other local agencies may enact Development Impact Fees on proposed development which must be paid as a condition of development approval. Development Impact Fees ("DIFs") were enacted under Assembly Bill 1600 by the California Legislature in 1987 and codified under California Government Code §66000 *et seq.*, also referred to as the Mitigation Fee Act (the Act or AB 1600).

Development Impact Fees are not ongoing fees or taxes; they are one-time fees, paid at the time of construction. Impact fees are not special assessments, nor are they permitted to cover on-going operations and maintenance costs. By definition, "a fee is voluntary and must be reasonably related to the cost of the service provided by the local agency." The fees are collected by local governmental agencies to pay for infrastructure or capital facilities needed to serve new development. Because impact fees are collected during the development approval process, the fees are typically paid by developers, builders, or other property owners who are seeking to develop property as a way of paying their "fair share" of needed facilities.

The Town collects three Development Impact Fees that meet the reporting requirements of AB 1600: the Traffic Impact Mitigation Fee, Below-Market Priced Housing Program In-Lieu Fee, and the Construction Activity Impact Fee. The following tables provide potential project lists.

## **SUMMARY OF PERSONNEL CHANGES FY 2019/20**

**T**he Town's total budgeted personnel costs for FY 2019/20 increased to \$31.1 million (\$27.3 million in FY 2018/19) and accounts for 40.6% of the total Town's expenditures. Rising healthcare and pension rates have increased labor costs; however, reduction strategies including vacancy eliminations, structural reorganization, and realignments have helped to mitigate growing personnel expenditures. The following discussion describes some of the staffing expenditures, savings, and budget impacts.

### ***Employee Compensation***

Personnel costs represent salaries of full-time and part-time personnel (including vacation, holiday, and sick leave compensation) and benefits, including health coverage, life and disability insurance, and retirement contributions. For represented positions, annual salary increases and benefit adjustments are negotiated under each bargaining unit's Memorandum of Understanding (MOU's). Salary increases and benefit adjustments for unrepresented positions are determined under the Council's authority and are not subject to bargaining.

### ***Memoranda of Understanding (MOUs)***

The FY 2019/20 budget reflects negotiated salary changes and market adjustments necessary to attract and retain high performing employees. The salary schedules beginning on page C-51 reflect the cumulative changes effective in FY 2018/19 and FY 2019/20.

- All non-sworn and management employees received an across the board salary increase of 2.5% plus a 1.5% base salary one-time payment (non-PERSable) during FY 2018/19. A 3% across the board salary increase is effective in FY 2019/20.
- The TEA and AFSCME labor agreements have a re-opener provision to negotiate the specific topic of salaries effective in FY 2020/21 of the agreements that expire on June 30, 2021.
- The sworn employees represented by the Police Officers' Association (POA) received an across the board salary increase of 2.5% during FY 2018/19 and will receive a negotiated 4% across the board increase in FY 2019/20. The MOU has a re-opener provision to negotiate salaries effective in FY 2020/21 and expires on September 30, 2021.

### ***Benefits***

The Town contracts for medical coverage through CalPERS and rates are adjusted each January for the calendar year. Kaiser serves as the benchmark medical plan to determine the Town contribution toward all medical plan premiums. In the recent past, Kaiser rates have fluctuated and increased by as much as 11% in one year, simultaneously increasing the Town contribution. In 2019, Kaiser rates decreased 1.5% from the prior year, resulting in a slight reduction of benefit costs to the Town. As evidenced by this fluctuation, this is an area of continuing concern and volatility. Employees contribute to the cost of medical premiums when enrolled in the majority of CalPERS plans.

Dental, vision and life insurance rates are expected to remain relatively stable. Conversely, short and long-term disability insurance costs are increasing due to changes in the market and a growth in the Town's claim experience. Efforts are underway to identify measures to control and/or reduce costs. During negotiations in FY 2018/19, the Town's discretionary retiree medical benefit contribution was eliminated for all future hires. It is important to note that changes in benefit coverage are generally subject to negotiations with affected employee groups.

### ***Pension Plan***

In FY 2012/13, a three-tier pension plan was implemented for non-sworn, changing the pension formula from 2.5% at 55 to 2% at 60 for new hires after September 15, 2012 or 2% at 62 for "new" employees hired after January 1, 2013 who have not previously worked in a public pension system. Similarly, in FY 2012/13 the State implemented a new tier for safety employees, changing the pension formula for "new" employees from 3% at 50 to 2.7% at 57, effective January 1, 2013. While this does not provide immediate cost savings, it is anticipated to reduce future salary and benefit expenditures in the next 10 to 15 years. Pension reform continues to be an important topic in

## **SUMMARY OF PERSONNEL CHANGES FY 2019/20**

regard to cost-containment and staff is monitoring a number of state-wide initiatives that may impact future pension costs.

More recently, however, CalPERS has significantly increased employer contribution rates to cover rising retiree costs and CalPERS investment losses sustained in the down economy. In FY 2014/15, the Town's miscellaneous employee rate was projected to increase to 23.45% and the safety rate was projected to increase to 43.87%. By Council authority in June 2014, the Town paid off its CalPERS side fund liability of \$4.5M which substantially decreased PERS sworn rates in future years. As a result of this payoff, the FY 2014/15 Town's miscellaneous employee rate was 22.38% and the safety rate was 29.56%, a sworn rate reduction of 14.31% from previously forecasted. In FY 2019/20 the Town's miscellaneous employee rate is projected to increase to 33.18%; the safety rate is projected to increase to 52.22%; and the PEPRA safety rate is projected to be 15.02%.

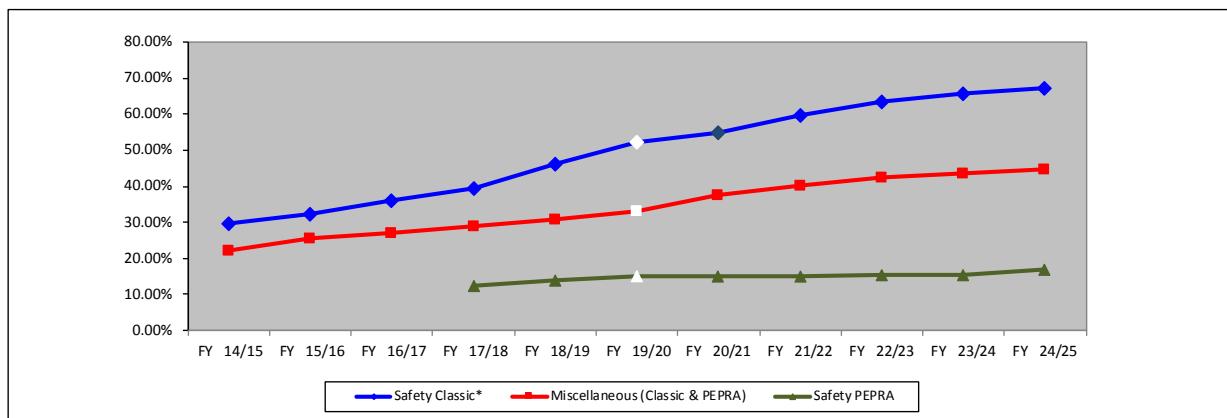

In December 2016 the CalPERS Board announced a plan to lower its discount rate from its current rate of 7.5%. The phase-in of the discount rate change approved by the Board effective beginning FY 2018/19 is as follows:

Valuation Date	Fiscal Year for Required Contribution	Discount Rate
June 30, 2016	FY 2018/19	7.375%
June 30, 2017	FY 2019/20	7.25%
June 30, 2018	FY 2020/21	7.00%

The immediate effect of this change is the actuarial valuation report being prepared for June 30, 2016 by CalPERS which sets the employer contribution rate for FY 2018/19 at a lower discount rate of 7.375%. This action will in turn lead to increased actuarial accrued liabilities because with lower expected returns there are lower projected assets to meet the expected pension obligations. Town staff had already anticipated increases in employer contributions in its Five-Year Financial Plan, and the rates in years three through five of the plan increased due to the lowering of the discount rate. The CalPERS Board had previously adopted recommendations to modify both the smoothing and amortization policies and implement these changes going forward with an impact to employer rates which began in FY 2015/16. As a result of this change, the smoothing period changed from a 15-year rolling period to a five-year direct smoothing rate. The amortization period changed from a 30-year rolling period to a 30-year fixed rate. The cumulative effect of these changes requires the Town to pay significantly more into the system. Current estimates indicate that these changes would result in the Town increasing from the FY 2018/19 rate of 46.09% to 67.39% in FY 2024/25 of pay rate for safety employees and from the FY 2018/19 rate of 30.87% to approximately 44.74% in FY 2024/25.

Using official information issued by CalPERS, the following schedule reflects the Town's actual CalPERS pension rate for FY 2019/20 and the expected rates for the following fiscal years based on the Town's five-year forecast model which was updated using a CalPERS employer bulletin in January 2018 that provided a calculation method to estimate rate impacts of the discount rate change approved in December 2017. The projected rates are slightly higher than the amounts treated by the Town's actuary, Bartel & Associates.

### Management Strategies

A number of strategies have been implemented to mitigate rising personnel costs. These include adjusting user fees to recover the cost of staff time to provide Town services, focusing staff time on core services to reduce overtime expenses, and reducing hourly staffing use. In light of limited available resources and uncertain economic trends in revenues sources such as Sales Tax, limited staffing changes have been included in the FY 2019/20 budget. Departments continuously evaluate staffing structures, anticipate succession needs, and modify staffing to improve efficiencies, align with service delivery demands, and meet other Town goals. In this budget, a couple of Departments have included cost neutral restructuring.

### Overtime

Overtime expenditures continue to be assessed and adjusted when appropriate. While unpredictable or non-controllable events will impact the Town's limited public safety and public works maintenance resources, continued adjustments to schedules and workload have been successful in reducing budgeted overtime. Although some non-critical Town services have experienced moderate service level reductions, scheduling restrictions have not seriously impacted routine operations.

### Staffing Changes

The FY 2019/20 Operating Budget has 160.31 budgeted FTEs, including temporary staff. This reflects an increase of 1.12 of FTEs compared to the prior year. The recommended FY 2019/20 staffing levels also reflect the following changes from the prior year's adopted budget:

- *Administrative Services and Town Offices* - The FY 2019/20 budget reflects the addition of one permanent Accountant/Finance Analyst position in the Finance Department, partially offset by a reduction of temporary hours and the elimination of a 0.35 FTE Account Technician position. The budget also includes a reclassification of two 1.0 FTE Office Assistant positions to 1.00 FTE Deputy Town Clerk and 1.00 FTE Administrative Assistant in the Clerk program. The Clerk program also reflects an increase of temporary hours to assist with special projects and tasks related to Music in the Park. In addition, the budget reflects a title change from the IT Analyst and Network Administrator classifications to a single IT Systems Administrator classification to continue to provide critical support to the burgeoning technology infrastructure necessary to support modern governance

throughout out the Town and promote succession planning. The current Network Administrator is dedicated to the support of Police Department technology. To better reflect the resource allocation, 1.00 FTE IT Systems Administrator will be transferred to the Police Department program. There is also an addition of a part time, two-year position to assist with the Town's emergency preparedness activities and regional emergency management engagement.

- *Police* –The FY 2019/20 budget reflects the transfer of 1.00 FTE IT Systems Administrator from IT to the Police Department program as described above. The program also contains one-time request for a Project Manager and Community Services Officer.
- *Community Development Department (CDD)* –The FY 2019/20 budget reflects a one-time request for a nighttime Code Compliance Community Service Officer.

In addition to direct personnel expenditures, Departments are charged for internal support services and employee insurance costs through payroll allocation charges. Appropriate charge-back rates are established based on either employee group historical costs or through a flat surcharge per employee. Annual reviews of all funds may result in adjustments to the rates as needed.

### ***Liability Insurance***

Self-Insurance Fund rates (liability claim insurance premiums) for FY 2019/20 remain relatively consistent with prior year rates. The Self-Insurance Fund Balance is declining as a result of adverse claims against the Town over the last several years. Staff will closely monitor and recommend a budget strategy to be incorporated into the FY 2019/20 proposed budget.

### ***Workers' Compensation***

The Workers' Compensation fund balance is declining as a result of several new injuries that kept employees out of work for extensive periods of time along with the cost of related medical procedures and continuing medical expenses associated with past employee claims. The FY 2019/20 Workers' Compensation rates remain at the prior year level. Staff will closely monitor and recommend a budget strategy to be incorporated into the FY 2019/20 proposed budget. The FY 2019/20 proposed budget includes transfer of \$1,061,256 from Compensated Absences.

### ***Information Technology***

The Information Technology (IT) program is funded through charge-back to the Departments. The charge is based on the Department's computer and printer equipment, established to fund the replacement cost of current technology equipment.
