Hi Ryan

I had originally planned to rent space and have a neighborhood meeting to discuss and review my project with the neighbors. That planning was before Covid 19 and its disruptions to "gatherings". Absent that ability to meet, I opted to send out a pretty extensive package, inclusive of a letter of explanation of the project, material/plans from TS Civil, renderings of the proposed homes with the notation that they are not a part of the current application, a response letter, and a self-addressed, stamped envelope for the neighbors to use in returning the response letter. I used the information you provided for the "neighborhood" contact. These letters were sent via registered mail, return receipt. All homes on your list are Owner occupied except one instance. In that case I sent to the absentee Owner and the "Occupant".

These above noted items (less the plans by TS, which you have) are attached for your information and reference, particularly in the event you are contacted by any of the neighbors.

Please let me know if you have any questions. And of course, let me know if you have any comments.

Thanks

Bob
