

**Accrual Basis Accounting** - Under this accounting method, transactions are recognized when they occur, regardless of the timing of related cash receipts and disbursements.

**Adoption** - Formal action by the Town Council which sets the spending limits for the fiscal year. The Town's budget is adopted by Council resolution.

**Appropriation** - An authorization made by the Town Council that permits officials to incur obligations against and to make expenditures of government resources. Appropriations are typically granted for a one-year period.

**Audit** - Prepared by an independent Certified Public Accountant (CPA), the primary objective of an audit is to determine if the Town's Financial Statements present fairly the Town's financial position and results of operations in conformity with generally accepted accounting principles. In conjunction with its performance of an audit, it is customary for an independent auditor to issue a Management Letter stating the adequacy of the Town's internal controls as well as recommending improvements to the Town's financial management practices.

**Bonds** - A bond is a written promise to pay a specified sum of money (called the face value or principal amount) at a specified date or dates in the future (called the maturity date) together with period interest at a specified rate. Bonds are typically used to finance capital facilities.

**Budget** - As the Town's financial operating plan for the fiscal year, the budget displays the estimated expenditures (costs) for providing services and the estimated sources of revenue (income) to pay for them. Once the Town Council adopts the budget, the total becomes the maximum spending limit. Los Gatos' budget encompasses a single fiscal year (July 1 through June 30).

**Budget Amendment** - The Council has the sole responsibility for adopting the Town's budget and may amend or supplement the budget at any time after adoption. The Town Manager has the authority to approve administrative adjustments to the budget as outlined in the Financial and Administrative Policies set by Council.

**Budget Document** - The official financial spending and resource plan submitted by the Town Manager and adopted by the Town Council explaining the approved budget to the public and Town Council.

**Budget Message** - Included in the opening section of the budget, the Budget Message provides the Council and the public with a general summary of the most important aspects of the budget, comparative data from previous fiscal years, goals and objectives, and the views and recommendations of the Town Manager.

**Budget Overview** - This section provides an overview of the changes adopted in the budget. Additionally, the significant impacts of budgetary changes are outlined along with dollar amounts (increase/decrease).

**Budget Policies** - General and specific guidelines adopted by the Council that govern the financial plan's preparation and administration.

**Capital or Community Improvements** - Capital or community improvements are major construction, acquisition, or maintenance/repair projects. Typical examples of major construction would include new

street improvements, park development, and public buildings. Acquisition includes land for parks and open space. Major maintenance/repairs may include street resurfacing or modifications to public buildings.

**Capital Improvement Program (CIP)** - The plan or schedule of expenditures for major construction of roads, sidewalks, Town facilities, and/or park improvements and for the purchase of equipment. The Town of Los Gatos' CIP follows a five-year schedule. Although the Town adopts the CIP budget in a process which is separate from the adoption of the budget, the budget incorporates the first year of the five-year CIP.

**Capital Projects Fund** - In governmental accounting, a fund that accounts for financial resources to be used for the acquisition or construction of capital facilities. The total cost of a capital project is accumulated in a single expenditures account which accumulates until the project is completed, at which time the fund ceases to exist.

**Capital Outlay** - Expenditures which result in the acquisition of or additions to fixed assets. Examples include land, buildings, machinery, equipment, and construction projects.

**Capital Assets** – See “Fixed Assets.”

**Cash Basis Accounting** - A basis of accounting under which transactions are recognized only when cash is received or disbursed.

**CDBG (Community Development Block Grant)** - Federal grant funds distributed from the U.S. Department of Housing and Urban Development that are passed through to the Town. The Town primarily uses these funds for housing rehabilitation, public improvements, and local social programs.

**Construction Tax** - A construction tax is imposed upon the construction of any building, portion of a building, or a mobile home lot. Construction by definition means either new construction or enlargement. The taxes imposed are based upon a set rate per square foot as follows:

- a) **Capital Improvement Tax** - \$0.18 for each square foot of building addition or alteration
- b) **Underground Utility Tax** - \$0.18 for each square foot of building addition or alteration
- c) **Park Fund Tax** - \$0.04 for each square foot of building addition or alteration

**Contingency** - A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

**Contingent Liabilities** - Items which may become liabilities of the Town but are undetermined at a given date, such as pending lawsuits, unsettled disputed claims, unfilled purchase orders, and uncompleted contracts.

**Contract Services** - Services provided to the Town from the private sector or other public agencies.

**Contributed Capital** - Resources which are extremely restricted for the acquisition or construction of capital assets. This category includes, but is not limited to, capital grants, residual equity transfers in, and contributions from developers.

**Cost Allocation** - A fair and equitable methodology for identifying and distributing direct and indirect cost from a service provider to the service consumer. In the Town's case, the general fund is the service provider and the external funds are the service consumer.

**Deficit** - The excess of liabilities over assets.

**Department** - A major organizational unit of the Town that has been assigned overall management responsibility for an operation or a group of related operations within a functional area.

**Developer Fees and Permits** - Fees that are charged for various development-related services or permits based upon actual cost to the Town for providing the service or permit.

**Documentary Transfer Tax** - Imposed on the transfer of real property, exclusive of any lien or encumbrance. The Town receives 50% of such revenue collected by Santa Clara County.

**Encumbrance** - Commitment against an approved budget for unperformed (executory) contract for goods or services. Encumbrances cease when the obligation is paid or otherwise terminated. A purchase order is a common encumbrance.

**Expenditure** - The outflow of funds paid or to be paid for an asset obtained or goods and services obtained. An encumbrance is not an expenditure; an encumbrance reserves funds to be expended.

**Fiscal Year** - A 12-month period to which the annual operating budget applies and at the end of which the Town determines its financial position and results of its operations. The Town's fiscal year runs from July 1 to June 30.

**Five-Year Financial Forecast** - Estimates of future revenues and expenditures to help predict the future financial condition of the community.

**Fixed Assets** - Assets which are intended to be held or used for a long term, such as land, buildings, improvements other than buildings, machinery and equipment.

**Fund** - An independent fiscal and accounting entity with a self-balancing set of accounts in which financial transactions relating to revenues, expenditures, assets, and liabilities are recorded. Funds other than the General Fund typically have a unique funding source and purpose. Establishing funds enables the Town to account for the use of restricted revenue sources and carry on specific activities or pursue specific objectives.

**Fund Accounting** - System used by non-profit organizations, particularly governments. Since there is no profit motive, accountability is measured instead of profitability. The main purpose is stewardship of financial resources received and expended in compliance with legal requirements.

**Fund Balance** - Also known as financial position, fund balance is the excess of current assets over current liabilities and represents the cumulative effect of revenues and other financing sources over expenditure and other financing uses.

Examples of revenue include taxes, intergovernmental grants, charges for services, resources forwarded from the prior year, operating transfers for other funds, and other financing sources such as the proceeds derived from the sales of fixed assets.

**Revenue Estimate** - A formal estimate of how much revenue will be earned from a specific revenue source for some future period; typically, a fiscal year.

**Road Impact Fees** - Pursuant to Article III of Chapter 15 of the Town Code, the Town collects road impact fees to finance road construction and maintenance projects throughout the town. Article IX of Chapter 15 authorizes the establishment of special fund accounts known as Road Impact #1, Road Impact #2, and Road Impact #3, into which all such fees are deposited. Because the road systems generally follow drainage patterns, the existing drainage basin map boundaries are used to track and expend funds for road construction and maintenance.

The amount of each fee collected is based on an estimate of the weight of the loads to be hauled to or from the project and the weight of heavy vehicles to be used in connection with the project. The fee is collected for Building Permits, Grading and Landscape Permits, Improvement Contracts, and Encroachment Permits. Money collected from such fees is to be used solely for design, construction, and

repair of Town streets and installation of sidewalk curb cut ramps when such a requirement is triggered by the level of work as provided by the Americans with Disabilities Act, within the prescribed area. Projects will be brought forward on an as-needed basis.

**Sales Tax** – 1% of taxable sales is returned to the Town by the State Board of Equalization on a monthly direct deposit basis. Under the “Triple Flip” agreement, 0.25% of the 1% is now received in association with property tax but remains sales tax in substance.
