RE: Letter of Justification

Property Address: 402 More Avenue

**Evolution of Project:**

AT&T currently has a Conditional Use Permit for the existing 74'2" monopole at 402 More Ave.

AT&T is proposing to install a new 75' tall monopine on San Jose Water Company property. Once installed, AT&T will relocate its equipment from the existing monopole to the new monopine. T-Mobile and Verizon are also on the existing monopole and will relocate their equipment to the new monopine as well.

**The existing and proposed use:**

The existing and proposed use is: R-1:8

**The purpose of the proposed changes:**

AT&T's purpose for proposing the current modification project is to make the latest wireless technology available to workers, first responders, residents, and visitors within the Town of Los Gatos.

**Measures taken to minimize visual impacts:**

The new and relocated equipment will be screened within the proposed monopine.

Respectfully,

*Greg Davis*
