

TOWN OF LOS GATOS

Multifunctional Printer Replacement, Management, and Maintenance

The Town received the following questions regarding the Request for Proposals (RFP) for Multifunctional Printer (MFP) Replacement, Management and Maintenance Services. The questions and answers are below:

Question 1:

Regarding this: Town Manager's Office would like two of the same larger printers both able to print color with the same features. Is the Town Manager looking to have both of their existing machines upgraded to color and operating at the same high speeds, or do they want two additional machines in addition to the replacement models we would recommend? If additional machines, are they looking for the high-speed machines, like the BizHub 808 they have with the post-insertter?

Answer: The TMO/Clerk would like to have the larger color unit w/sorter & finisher moved to the Clerk's area and to have the other unit also be color. They do not want to add two additional machines.
