TO: Town of Los Gatos Planning Department
Samina Merchant - Planner
FROM: David Britt, BRITT/ROWE
RE: 16805 Loma Street, Los Gatos
Architecture and Site Application S-25-043

Dear Samina,

This letter is to confirm that my client, Bill and Brenna Wundram and I have reviewed the Town Architect's letter/recommendation report dated September 26, 2025.

Per the Architect's recommendation, we have modified the design as follows

Sheet A0: The front facade rendered elevation now illustrates the removal to the gable trim so that it is consistent with the architectural elevations found on sheet A2.

Sheet A2: Per recommendation, composition shingles are now illustrated/specified for all the main roofs and the metal roof specifications has been limited to only the dormers and front facade windows.

Sheet A2: Per recommendation, the first floor eaves and roofs are now linked as illustrated on the revised elevations

Sincerely,

David Britt, BRITT/ROWE
