Mr. Ryan Safty  
Community Development Department  
Town of Los Gatos  
110 E. Main Street  
Los Gatos, CA 95031

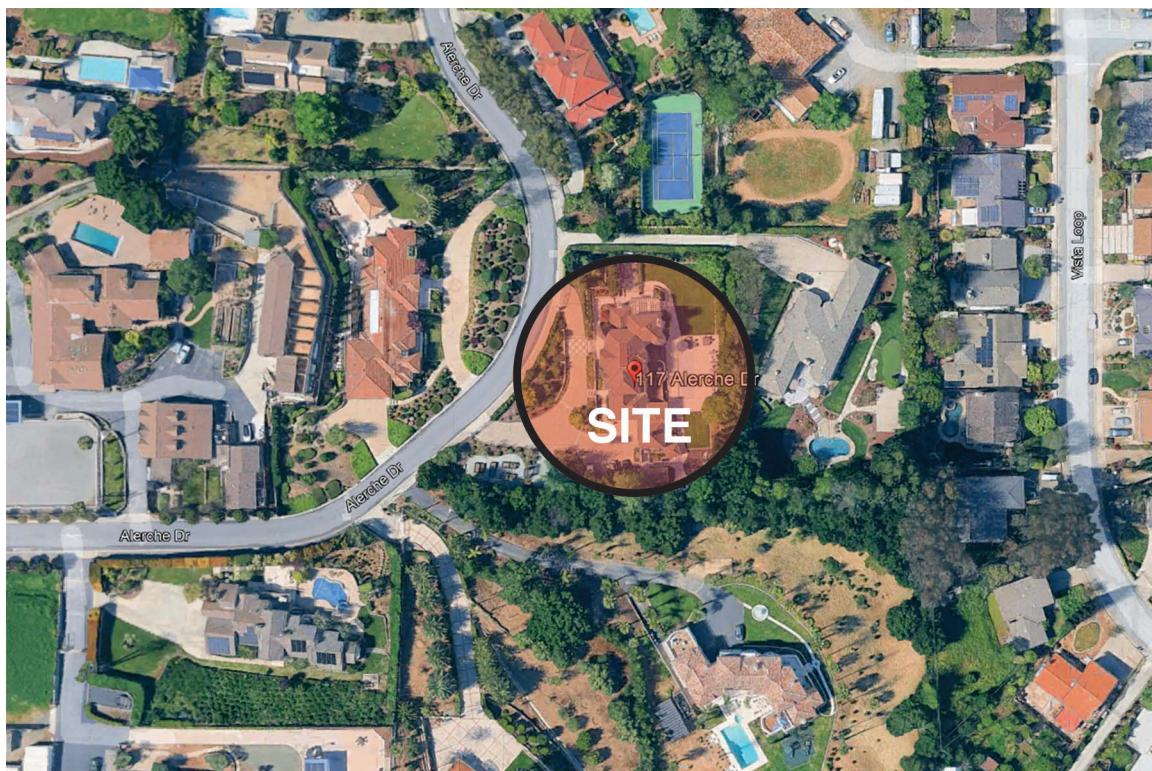

**RE: 117 Alerche Drive**

Dear Ryan:

I reviewed the drawings, and evaluated the site context. My comments and recommendations are as follows:

**NEIGHBORHOOD CONTEXT**

The site is located in a neighborhood of large parcels at the far southeastern edge of Los Gatos. Photographs of the site and its surrounding context are shown on the following page.

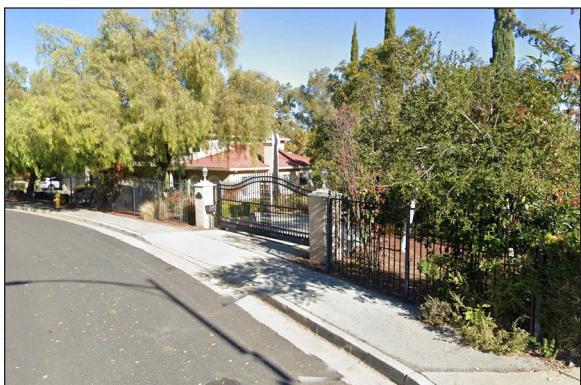

THE SITE

House immediately across Alerche Drive

House to the immediate left

Nearby house across Alerche Drive

**PROPOSED PROJECT**

*FRONT ELEVATION PROPOSED*

*RIGHT SIDE ELEVATION PROPOSED*

*RIGHT SIDE ELEVATION EXISTING*

## ISSUES AND CONCERNS

The existing house is large with a distinct, if somewhat, eclectic traditional architectural style.

The proposed changes and additions to the existing house are substantial. They include:

- A significant addition has been added to the second floor.
- Roof forms have been simplified.
- The stone base has been removed.
- Window shapes have been simplified and unified.
- Window frames have been added to all windows.
- Small segments of metal roofing and over-window awning projections have been added.

Existing Front Elevation

Proposed Front Elevation

However, while the changes are substantial, they are all beneficial improvements to the existing home design quality and uniformly consistent on all facades. I would only identify one concern. The large metal Lanai roof over the rear deck seems out of place with the overall design unity of the house.

**RECOMMENDATIONS:**

My only recommendation is to match the Lanai roofing material to that of the other roofs.
